

# Cyber Loss Control Services for Small and Mid-Sized Businesses

Despite a company's best efforts to protect itself from a cyber attack through its own IT department, it may not be enough in today's rapidly changing cyber environment. Eligible AIG Cyber insureds\* receive a wide range of tools and services, valued up to £7,000, included with their policy to proactively help to prevent a cyber incident.

## Included Tools and Services\*

Complimentary tools and services are included with each CyberEdge policy for eligible clients\* to provide knowledge, training, security, and advisory solutions.

### Employee Cybersecurity eLearning

Timely and measurable managed employee training and compliance service, for up to 50 employees, tailored to employee roles to reinforce clients' security policies.

### Incident Response Plan

Clients complete a tailored SME business incident response plan template to help ensure their business can respond quickly and effectively to a cyber incident.

### Cyber Maturity Report Review

One-on-one remote session with an AIG cybersecurity and information technology expert advisor to review the client's risk posture and recommendations in their cyber maturity reports.

### Cyber Claims Hotline

Our CyberEdge Claims Hotline is available 24/7/365. The Cyber Claims Team will coordinate with you to implement your response plan, engage any necessary vendors including breach counsel and forensics firms to identify immediate threats, and start the restoration and recovery process.

### Network Security Rating

Clients can see how their internet security posture and network score from an "outside looking in" perspective, with easy-to-understand scoring systems.

### Cybersecurity Information Portal

24/7/365 access to current cybersecurity information including best practices checklists, claims data and a breach calculator.

### CyberMatics\*\*

Helps clients verify their organisation's cyber risk posture, prioritise implementation of risk-reducing controls and make better investment decisions in their cybersecurity program – with the added benefit of more tailored policy terms and conditions.
