

Value Added Services

New PrivateEdge is our elite Directors & Officers liability (D&O) product for private companies. It gives extensive protection to directors if sued, investigated, threatened or prosecuted, and it protects the company itself. It also provides free expert legal advice, a library of template documents and best practices, and a free credit management system.

As part of the recent upgrade we've created www.aig.co.uk/myprivateedge for you and your PrivateEdge clients, including freely available knowledge banks with guides and templates on a range of issues that we know to be especially valuable to businesses.

Expert Legal Advice

PrivateEdge policyholders are entitled to free legal advice from one of three leading top 50 law firms, with offices covering all of the UK on any issue that they think might potentially lead to a claim under their PrivateEdge policy. The breadth of possible areas is enormous and by phoning our helpline with 24 hour emergency cover and giving some basic details of the issue, we ensure that an expert in exactly the right field will call you back at an agreed time for a confidential discussion.
