

## Reasons to Buy: AIG UK Chemical Insurance

AIG's UK Chemical division offers clients what they need most: deep understanding of their industry, environment and operations, extensive and specialised expertise, innovative solutions, superior loss control capabilities, responsive claims handling, substantial insurance capacity and a truly global reach.

### Core Capabilities

We are a leader in the underwriting of Chemical risks for over 40 years and have developed long lasting relationships with many of our clients worldwide who have benefited from our following core capabilities:

Chemical occupancies identified from the SIC codes sheet overleaf

\$300 million capacity available

Ability to front for large global programs including captives

Ability to write globally

Significant worldwide CAT capacity

Market leading service agreements

### AIG Claims Promise

The AIG Energy Claims Promise affirms that our dedicated team of claims experts will mobilise in rapid response to a covered event and, after coverage is confirmed, will advance our policyholders up to 50% of an agreed material damage loss estimate within 7 days, giving them the immediate working funds they need for damages, repairs, clean-up costs and extra expenses.

### Working with AIG

To unlock and get the most out of our outstanding underwriting expertise and capabilities we have outlined the key requirements which are considered with each risk.

- Recent in depth engineering survey reports of the top locations
- Operational Risks only
- At least 5 years loss history
- Risk quality will be the driver for risk selection

aig.co.uk

American International Group, Inc. (AIG) is a leading global insurance organization. AIG member companies provide a wide range of property casualty insurance, life insurance, retirement solutions and other financial services to customers in approximately 70 countries and jurisdictions. These diverse offerings include products and services that help businesses and individuals protect their assets, manage risks and provide for retirement security. AIG common stock is listed on the New York Stock Exchange. Additional information about AIG can be found at [www.aig.com](http://www.aig.com) | YouTube: [www.youtube.com/aig](http://www.youtube.com/aig) | Twitter: @AIGinsurance [www.twitter.com/AIGinsurance](http://www.twitter.com/AIGinsurance) | LinkedIn: [www.linkedin.com/company/aig](http://www.linkedin.com/company/aig). These references with additional information about AIG have been provided as a convenience and the information contained on such websites is not incorporated by reference herein. AIG is the marketing name for the worldwide property-casualty, life and retirement, and general insurance operations of American International Group, Inc. For additional information, please visit our website at [www.aig.com](http://www.aig.com). All products and services are written or provided by subsidiaries or affiliates of American International Group, Inc. Products or services may not be available in all countries and jurisdictions, and coverage is subject to underwriting requirements and actual policy language. Non-insurance products and services may be provided by independent third parties. Certain property-casualty coverages may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds, and insureds are therefore not protected by such funds. American International Group UK Limited is registered in England: company number 10737370. Registered address: The AIG Building, 58 Fenchurch Street, London EC3M 4AB. American International Group UK Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and Prudential Regulation Authority (FRN number 781109). This information can be checked by visiting the FS Register ([www.fca.org.uk/register](http://www.fca.org.uk/register)).
