

# G4G DAY @ GUILDFORD 2016

AIG and greenlight for girls (g4g) are working together to help inspire young women in science.

Students will have the opportunity to take part in a full day of science discovery at our signature event & most popular initiative. Plus we will have a surprise workshop and special visit from the New Zealand Black Ferns rugby team! So, join us at the University of Surrey to be a part of the fun!

Workshops include:

**Science in everyday with Daisies:** A daisy represents a great deal and there are many reasons why it is part of the g4g logo – from mathematics & science in nature, it is also symbolic of possibilities, freshness, and

youth. We will explore our signature daisy experiment while the girls decorate their lab coats and be able to see as the daisy transforms right before their eyes!

**Virtual Reality AIG HAKA 360°:** The AIG HAKA 360° is a cutting-edge virtual reality app which allows you to experience the sensation of being on the field during a live HAKA performance with the All Blacks!

**M&M Statistics with AIG & g4g:** An opportunity to learn about risk assessment and why statistics are important, while making the entire process fun with chocolate M&Ms!

**g4g DNA Necklace Experiment:** We'll be making our own... that's right, we said our OWN DNA necklace!

## WHEN & WHERE

Friday 18 November 2016  
9.00am to 3.15pm  
University of Surrey, Guildford

## WHAT

A day of interactive, hands-on, unbelievably fun with Science, Technology, Engineering and Math

## WHO

We are inviting 70 girls aged 11-14 from the local community

## THE G4G STORY

began about 5 years ago, since then we have reached more than 12,500 students by conducting 90+ hands-on events & activities across 5 continents with the help of 1,800 volunteers.

## SUCCESS

We measure the success of engaging children in STEM through tracking their progress and sharing their stories. 94% of the participants to any g4g event state they wish to pursue STEM.

To register for this event, please use the link in the email.
