

Global Marine Liability

Ports and Terminals –
Protection & Indemnity –
Charterers & Ship Builders Liability

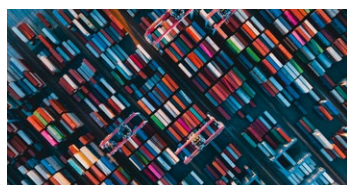

Critical protection for a wide variety of portside operations

AIG delivers a versatile coverage solution to address needs across the maritime spectrum. We provide broad and flexible cover for third party liability, property damage and personal injuries. Our solutions are adjustable based on the true needs of our clients, which range from port owners and operators to shipyard and vessel owners and a variety of operations in between. Our global reach is an additional asset for businesses operating internationally and requiring multinational risk solutions. It enables us to combine local expertise with the exceptional quality and responsiveness of our international network for asset and reputational protection.

Clients & Coverages

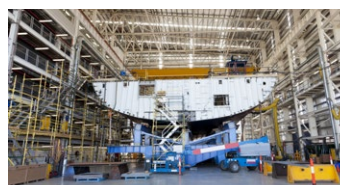

AIG provides insights and solutions for clients across the marine supply chain:

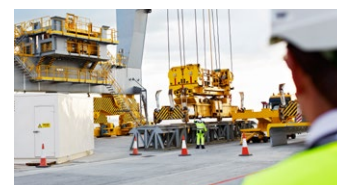

Ports & Terminals

Shipyards & Ship Repair

Marine Contractors

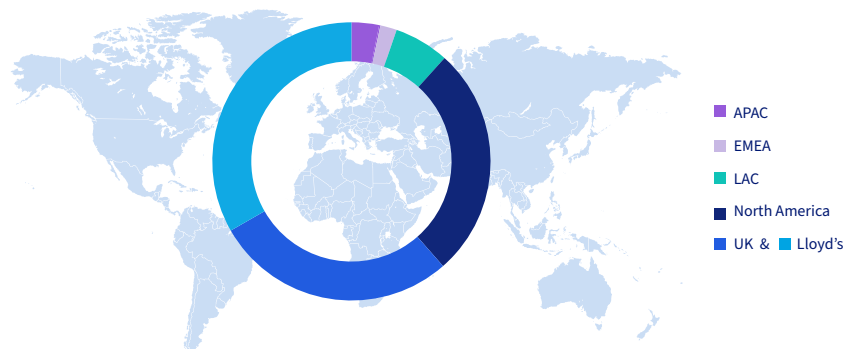

Protection & Indemnity
and Pollution
