

WINNING WITH AIG

Help when it matters most

Cyber

It is commonly said that the biggest risk to companies today, big and small, domestic or international, is a Cyber breach. Unfortunately it is also thought to be a ‘when’ not ‘if’ scenario. No matter what size or type of business you have, our priority is to provide you with immediate and specialist assistance to contain the incident and ensure your business is back up and running as soon as possible.

At AIG, our adjusters have handled all types of cyber incidents including ransomware, business email compromise or breaches of personal information. No matter your business type or location we ensure that you are provided with appropriate expertise to guide you through the incident and minimize the disruption to your business. Our adjusters will work with you to resolve the incident and any insurance claim which results from the breach including Business Interruption or Cyber Extortion.

Giving you Confidence

We know that our clients can face incidents which can harm customer relationships and damage their reputation.

Our claims adjusters are used to dealing with highly confidential matters that represent both financial and reputational risks to our clients. We are able to deal effectively and discreetly with all types of incidents wherever and whenever they occur.

Working in Partnership

We work in partnership with our First Response providers, insureds and their brokers to resolve a Cyber incident as quickly and effectively as possible. At all times we encourage communication between the parties to ensure that the situation is discussed and resolved in a manner which is both permitted and also commercial for your business.

“I have just phoned you to express my thanks for all you have done for us on this matter. We could not have hoped for a better outcome in what, for us, was a very sizeable claim. As I said on the phone, my choice of PI insurers each year is very much influenced by the support we receive when difficulties arise and it will certainly be an important part of our decision process going forward”
