Problem Solver of Choice

Technical Leadership

“AIG applied technical expert and adjuster expertise for a complex subsurface product release event. AIG’s representatives provided welcomed, thorough engagement throughout, leading to optimal solutions, mutual understanding and efficient claims handling. AIG sought aggressive environmental risk abatement, well balanced with mutually agreed pragmatism. AIG also recognised the need to accomplish technical goals within an active industrial area and the client’s safety-first culture.”

Client testimonial

★ Service Excellence

Support with Navigating Regulators –

Through liaison with our consultants, we support our clients in devising a robust, cost-effective clean-up strategy to deal with loss.

Working in partnership – With a focus on a collaborative approach, we work together with our clients to ensure the best resolution to a claim.

① Insights and Emerging Risks

Through handling so many claims across the globe AIG has a unique insight into trends and data to help our clients with their risk management.

We provide environmental workshops for our brokers and clients which focus on environmental monitoring, good environmental claims management and demonstrate examples of environmental claims and scenarios.

Top Industries for notified EIL events:
