Expert People

Our London multinational team of over 65 dedicated specialists from over 15 countries has multilingual capabilities in over 20 languages. Clients and brokers value the ease of calling an individual expert to resolve issues across a programme.

Multinational

Our global network of strong and well established AIG local offices throughout the world, in combination with our top-tier global network partners, means we can issue policies and service multinational clients in 215 jurisdictions – more than any other multinational insurer.

Proactive Servicing

Our multinational end-to-end process is designed to deliver timely local policy issuance, contract certainty, regulatory compliance, country alignment and early allocation of premiums. Our process creates time efficiencies and ensures sophisticated claims handling with no gaps in local policy coverage.

Worldwide claims experts

With over 6,000 claims professionals across our global network, our clients have comfort that in the event of a loss, AIG will be on-site to meet their needs. Payments are made in-country where possible and clients can customise their claims handling instructions to ensure global consistency.
